

The list of flowers and fillers available as Fairtrade Version 4- 30th August 2017

Purpose of the document :

A tool for licensing bodies to know which flowers and fillers are available as Fairtrade to be used in Fairtrade bouquets (Fairtrade Standard for Flower and Plants version 15.04.2017_v1.0 requirement 1.2.1)

Disclaimer

This list has cut flowers and fillers that have the potential to be obtained from a Fairtrade source. Please note that some of them are currently available, whereas others are listed by Fairtrade producers as potentially available. This list will be updated regularly. Contact j.yegon@fairtrade.net in case of any questions.

Please contact your account manager at your national Fairtrade organization (NFO) in case of questions related to the flower bouquet composition.

Producers are encouraged to help us keep this list updated.
